Protection:

The personal information entered by users is not mandatory, it's limited, and kept available to the user to exercise the right of modification. Also, in case of a written request, this data is completely deleted.

Please, click here to refer to the documentation.

Minimization:

The information captured by the CPM agent is strictly non-personal and associated with MPS to provide the service. No print jobs, users, other data outside of MPS, or activity from other computers/devices on the network are collected, stored or transmitted. CPM is open source and 100% auditable.

Please, click here to refer to the documentation.

Transparency:

Our data is hosted on two separate and redundant hosting systems: Amazon AWS & Contabo.

Both comply with European legislation. Please, click here to refer to Amazon documentation or click here to refer to Contabo documentation.

Free movement:

We let the user access to all data in real-time. PANEL provides the export utility on every App available. The ERP link connector and full APIs are also available under request.

Responsible of the transmission and data storage:

Nube Print S.L
Fiscal ID: B85994366
Address: Calle Sancho Dávila, 21 Bajo 3º
28028 Madrid
Email: support@nubeprint.com
